

Do you currently
own a personal
website or blog?

DreamSpark, MVA, Personal Branding

Microsoft

January 29, 2018 | Andrew C. Gilliland | Microsoft Student Partner

Who am I?

- Microsoft Student Partner at UT
- Front end development
- Engagement with technology

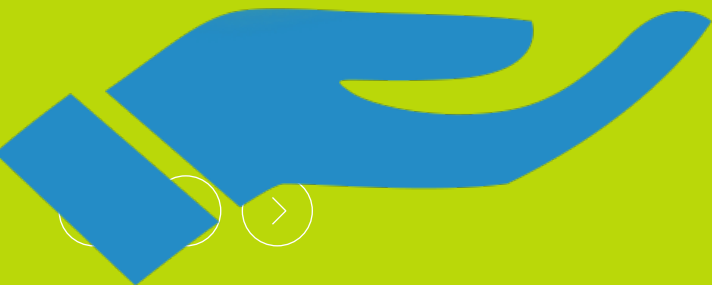

In today's presentation...

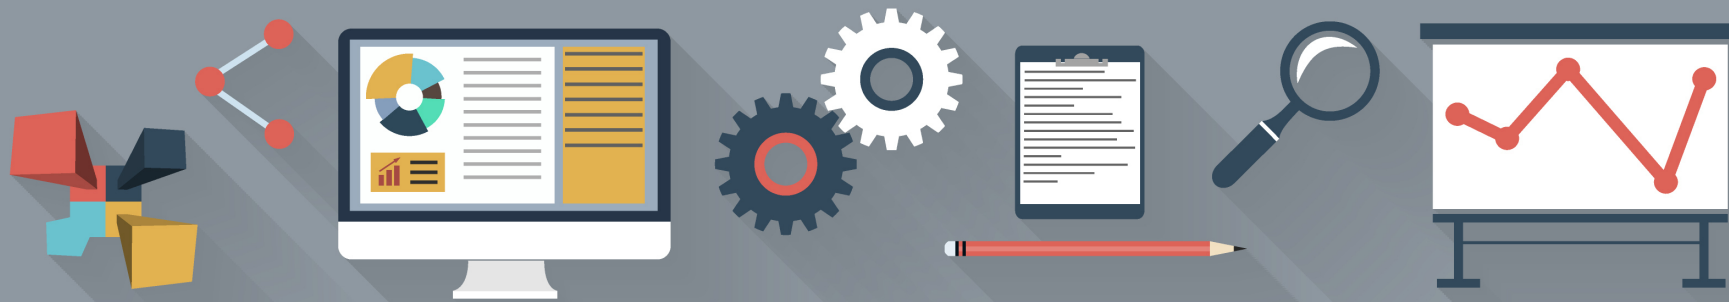

You will learn about the tools you need to launch (or grow) your website:

- 1) DreamSpark
- 2) Microsoft Virtual Academy
- 3) Online Identity

Sign-up for DreamSpark

- DreamSpark will give you access to tons of development tools for FREE
- Go to www.agilliland.com

Learn with Microsoft Virtual Academy

- Learn about DreamSpark tools...
- Start with the [Choose To Code](#) Course
 - An engaging course that introduces you to front end web development

Do you own YOUR online identity?

- Buy www.FirstnameLastname.com TODAY
- Look around! The internet is our future.
- You need to control your online identity
- A place for a portfolio, blog, business, etc.
- .COMs are disappearing

Still not convinced?

- You can own your domain for just 99 cents ([Link 4](#))
- A valuable asset
- Students, get your .me domain for FREE [here](#)

99 cents – current value of your domain

Priceless – future value of your domain
